Getting to Know You

1. What is the tallest building you have been to the top of?

Into the Bible

2. Psalm 45 is a messianic psalm about a royal wedding. Read the psalm, then list some things that might have gone through the Messiah's mind as he graced a humble wedding in Galilee.

3. Patrick spoke of the miracle as Christ changing things in an unexpected way. Read 2 Kings 5:1-14. How did Naaman expect God to work? How did he actually work? Can you think of more examples from the Bible of this principle?

Application

4. How do you react in your life when God chooses to do something other than what you expect? How should you react?

5. Are you relying on Jesus to turn your water into wine in your life now? Or are you "crowdfunding" so you can send someone to town to buy more? How can you keep from taking responsibility for your life back over and over again?
